

Vision

Our objective is to be recognized as one of the best small to medium sized building contractors in the Western Cape, and so become the contractors of choice. The business, established over 30 years ago, is based on integrity and producing work of superior quality. This is supported by management skill in excess of 60 years.

Our market is both demanding and knowledgeable, and we wish to predominantly meet, and often exceed its expectations in all aspects of our interaction.

We use an appropriate and effective infrastructure, based on solid experience and sound business principles. Our formalised training programs ensure we attract and keep the best personnel the industry has to offer.

This practically managed business ethos ensures that we deal with professional stakeholders on all levels, and the achievement of the vision will maintain profitability and prosperity for us and all associated with us.

In order to maintain this professional approach in our dealings we regularly remind our subcontractors ,suppliers and staff of our business ethos.
